BioPhotonics Call for Papers March 31, 2016 Deadline

Photonics for Ophthalmology Digital Conference

June 9, 2016, noon to 3 p.m. EST

www.photonics.com/bioconference

Photonics Media, the publisher of *Photonics Spectra* and *BioPhotonics*, invites you to join us for our upcoming digital conference on "Photonics for Ophthalmology." This event will feature several 20-minute online presentations on the use of light-based imaging and surgical techniques for diagnosing and treating eye conditions.

This event will be held on Thursday, **June 9, 2016**, from noon to 3 p.m. EST. Brief question-and-answer sessions will follow each presentation, which you can deliver remotely from your home or office computer. Presentations on theoretical topics or presenting new data are welcome. Topics of interest include adaptive optics, intraocular lenses, laser eye surgery, optical coherence tomography, photocoagulation, photodynamic therapy, retinal prosthetics and spectroscopy.

If you are interested in this opportunity, please send us an approximately 250-word abstract describing the purpose, methods and results of their own work. The deadline for abstract submissions is **March 31, 2016**.

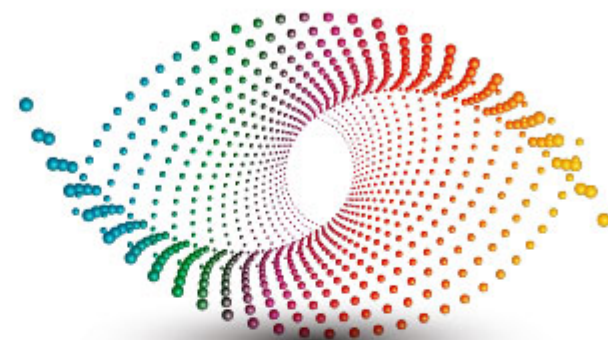

Abstracts may be submitted via e-mail to James.Schlett@photonics.com or by mail to:

James Schlett
Editor
BioPhotonics
P.O. Box 4949
Pittsfield, MA 01202
U.S.A.

We do hope you are able to participate in our digital conference.
