## Dolphins Prove Their Smarts with Touchscreen

In this episode, we take you to the stage with a professional lighting designer who uses the latest technologies to create the ambience of theatre productions. And we take a look at just how intelligent dolphins really are.

And don't miss [Light Matters EXTRA](#) for a look at the profession of Lighting Designers. We provide you with an extended behind the scenes view of what it takes to light the stage at the Williamstown Theatre Festival, in Williamstown, Massachusetts. Wilburn Bonnell is a freelance lighting designer from New York, who has spent the last 12 summers at the festival lighting up the stages for some pretty big shows.
