Asia-Pacific News

\$10 Million Luminate NY Initiative Welcomes Cohort II New York State's Luminate NY accelerator held its Lightning Awards at

the Dryden Theatre at the George Eastman House in Rochester, going from 21 chosen competing companies to 10 finalists. Ten startups receive \$100,000 investments from Luminate NY. Courtesy of Ve Jay Broyld. The optics, photonics, and imaging...

States Needed for Quantum Logic Gates

An optical circuit based on the principles of topology could provide protection for propagation of biphoton states, which will be needed for

Scientists Demonstrate Topologically Protected Biphoton

quantum computing. Researchers at the University of Sydney have experimentally demonstrated topological protection of biphoton states, and have shown that topological design could provide the robustness required for quantum optical circuitry.

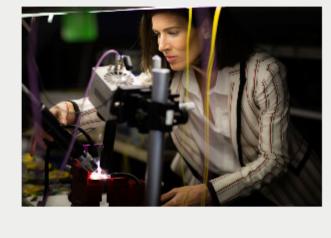

Efficiency of Nanophotonic Devices

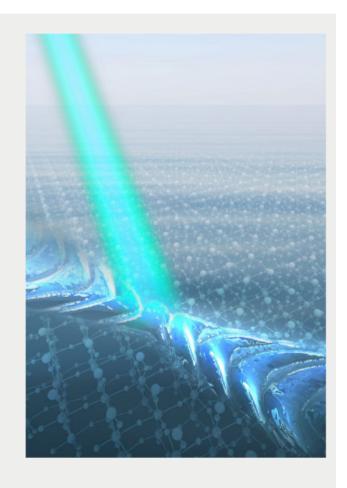

Squeezed light in the nanoscale ("nanolight") was found to propagate only in specific directions along thin slabs of a natural anisotropic 2D

Directional Character of Nanolight Could Improve

material, molybdenum trioxide. The current work is the beginning of a series of studies that will be focused on directional control and manipulation of light using ultralow-loss polaritons at the nanoscale.

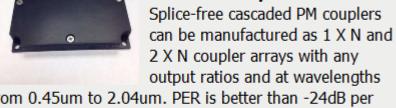

PM Coupler Arrays

Evanescent Optics Inc. Splice-free cascaded PM couplers

2 X N coupler arrays with any output ratios and at wavelengths from 0.45um to 2.04um. PER is better than -24dB per coupler, with loss typically less than 0.1dB per coupler.

and can be downloaded from the company's website. Visit Website Request Info

The program "Cascade" models the output characteristics

LIGHT: Introduction to Optics and Photonics, Second Edition

Photonics Media

PCO-TECH Inc. Innovations aren't always about

pco.edge 4.2 bi: Back Illuminated

having that one big new idea. Unique technology also comes from

new technology. When PCO's tried and trusted pco.edge series pools forces with modern back illuminated (bi) 16 bit sCMOS sensor technology, we call the result: pco.edge 4.2 bi.

evolution, combining existing and
