

OSA Vice President-elect and silicon photonics pioneer Michal Lipson launches Season 2 of *All Things Photonics* with a discussion on the evolution of silicon photonics technologies, her professional influences, and the emerging role of silicon photonics in AR, quantum computing, and beyond. Later, we're joined by Photonics Media Senior Editor Dan McCarthy for his thoughts on our industry's value chain and how we aim to reflect it in our flagship publication, *Photonics Spectra*.
