

# Zirconia polishing slurry

## DZr-P

DZr-P is designed to polish precision optical glass to achieve high performance at a reasonable cost. Its greatest advantage is high removal rate and good surface finish.

Parameters	Spec
D50	1.4-1.6 $\mu\text{m}$
Concentration	25%
Suspension	Yes
PH	6-7
Recommended polishing concentration	20-100g/L
Package	20Kg per carton(drum)

Typical PSD

111 Anza Blvd, Suite 415, Burlingame, CA 94010, USA
