Wedge window with integrated lens

PARAMETER:

This is a custom optical product. It combines optical wedge, window and spherical lens.

This is a custom optical product. It combines optical wedge, window and spherical lens. It is a rare precision optical component.

Specification:

Material	Fused silica Infrared grade
Dimension	Upon the customer's drawing
Clear aperture	>90% over sides
Wedge angle tolerance	$\pm 0.01^\circ$
Surface accuracy	Better than $\lambda/4$
Surface quality	60/40 Scratch /Dig
Coating	AR Coating
